

Cardigan to Penparc Cycleway

Client

NMWTRA

Location

Penparc,
Cardigan,
Ceredigion

Date

2014

The aim of this project was to provide a safe cycleway link from cardigan to the village of Penparc. A new tarmac cycleway was installed adjacent to the existing A487 trunk road. The works included the following:

- Excavation and disposal of unacceptable in preparation for new cycleway.
- Excavation adjacent to an ancient wall.
- Installation of new drainage and connection to existing systems.
- Kerbing and tarmac works for new footway.
- Installation of new crossing points and signage
- Landscaping and fencing works
