

Cwmdarren Box Culvert

Client

Ceredigion
County Council

Location

Penrhynoch
Ceredigion

Date

2014

The works involved the installation of a new box culvert to replace the existing culvert. The culvert was over 14m long and vehicular access needed to be maintained throughout the duration of the works.

- Excavation and disposal of existing culvert.
- Installation of new concrete base to seat box culverts.
- Installation of new 5tonne box culverts with HIAB lorry.
- Construction of new random rubble stonework.
- Landscaping and fencing works
