

Cwmhawen Bend Highway Realignment

Client

Ceredigion
County Council

Location

Pontgarreg,
Llangrannog,
Ceredigion

Date

2014

The works consisted of widening the existing carriageway to accommodate two way traffic on a busy bus route which leads to the popular sea side resort of Llangrannog. Space was a major restriction on this project, however with our vast variety of in-house resources the project was delivered successfully.

- Felling of large diameter trees onto the existing highway and BT utility diversions.
- Construction of a new turfed hedge-bank and fencing.
- Excavation and disposal of material, and creation of a new embankment.
- Installation of new drainage system and connection to the existing drainage systems.
- Full road construction along the length of project.
- Diversion and Installation of a new water main to the surrounding properties.
- Landscaping works
